Issued by the Office of the Executive Mayor, Sedibeng District Municipality

“Working Together

For Youth Development Through Action”

The Sedibeng District Municipality, in recognition of the role played by the youth of this country in ushering in the best democracy on the African Continent, in pursuit of the Youth Month Programme takes this opportunity to invite our youth to the Sedibeng Youth Open Day.

The people of South Africa, both black and white, can never cease to marvel at the sacrifices made by you, the youth of this beautiful country. It was during the dark days of maximum repression, when it was very difficult to speak our minds as adults, when we could hardly speak of the father of the Nation, President Nelson Mandela, that you woke us up, raised the world conscience to the need of a free South Africa.

In the euphoria of the 2010 FIFA World Cup, a sporting spectacle, the likes of which the world have never seen, we stand in awe of your valiant efforts. For indeed without your giving of the best years of your life, sacrificing life and limb, this 2010 FIFA World Cup would still be a pipe dream. The Bafana Bafana National Team that will be carrying the country's hopes and dreams would have been another bunch of football players.

You, the youth of Sedibeng, our pride and joy, faced with the challenges of an ever-changing world, an environment that would have been alien to us as adults, though various periods of this country's history, have provided vision and dreams to this nation when all hope was gone. You gave us strength when we were weak and weary, from Nelson Mandela, Walter Sisulu, Tsietsi Mashinini, Lulu Johnson, Peter Mokaba, you remained our guiding light.

In acknowledgement to your contributions towards the making of this beautiful country, in salute of the great things you have done for this nation, as part of 34th Anniversary of Soweto Uprising, we in Sedibeng District Municipality invite you to the Sedibeng Youth Open Day:

“Together with our communities - Final push to speedy service delivery”
