## **BACKGROUND**

The supply chain department is charged with the responsibility of sourcing goods and services on the behalf of the municipality. In executing the task, the department is responsible for ensuring that there is maximum competition in the procurement process. Amongst the items procured there are items that are procured as part of the day to day running of the municipality e.g. cleaning materials supplies.

Due to the administrative process involved in procuring office consumables and the number of user departments in Sedibeng District Municipality, the supply chain department has resolved to procure office cleaning material on a contract basis. ## CERTIFICATE OF INDEPENDENT BID DETERMINATION

1This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.

2Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

- Take all reasonable steps to prevent such abuse;
- Reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
- Cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

No:8/2/3/2-2017**

## **BACKGROUND**

The supply chain department is charged with the responsibility of sourcing goods and services on the behalf of the municipality. In executing the task, the department is responsible for ensuring that there is maximum competition in the procurement process. Amongst the items procured there are items that are procured as part of the day to day running of the municipality e.g. cleaning materials supplies.

Due to the administrative process involved in procuring office consumables and the number of user departments in Sedibeng District Municipality, the supply chain department has resolved to procure office cleaning material on a contract basis. The Sedibeng Municipality seeks to appoint capable service providers to supply and deliver cleaning materials.

Due to the nature of this commodity, the bid document will only reflect a quantity of 1 (One) next to each line item. This quantity of 1 (One) is not an indication that the municipality only intends to buy one of each product or make use of a service once.

However the quantity of 1 (One) is not an indication that the municipality is under any obligation to procure all of the indicated products or services stated in the Bill of Quantities during the duration of the contract.

## CERTIFICATE OF INDEPENDENT BID DETERMINATION

1This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.

2Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

- Take all reasonable steps to prevent such abuse;
- Reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
- Cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
