

River rafting the Upper Vaal river Vaal triangle and Deneysville

The upper Vaal River is away from the commercialised Parys stretch. More rugged and adventurous. You will be away from the crowds. It has a nice country feeling, and bigger rapids on low water levels than Parys. Raft through many islands and small channels. Only an hour's drive from Johannesburg and Oliver Tambo international airport. **No experience needed.** We supply all equipment. Raft lunch can be arranged at additional costs. Teambuilding on all the stretches can be done with activities such as croc polo, raft castle build, croc relay, run the rapid blind etc

Vaal dam wall to Viscghat R350 (includes soft drink and chocolate)

Very nice nature stretch with beautiful scenery small to bigger rapids and the big Viscghat rapid! Rapids such as Gorge rapid, 'dam' rapid etc. Combos such as tented camp accommodation, paintball, quad biking, teambuilding, raft fishing can be arranged as well.

- Minimum clients 5
- Maximum clients 80
- Duration 3 to 4 hours on the water (depending on group size and water level)
- Grading of rapids level 1 to 4 (depending on water level)
- Gravel road

Above Viscghat to Danie's Place R270 (includes soft drink and chocolate)

This raft trip has the best rapids of the Vaal dam to viscghat stretch. Very nice for a quick rafting experience. Combos such as tented camp accommodation, paintball, quad biking, teambuilding, raft fishing can be arranged as well. Great for bachelor's parties or an experience for corporate clients.
